

***Polo Beach Club  
Endorses Malulani Health & Medical Center***

FOR IMMEDIATE RELEASE: Kihei, Maui (December 17, 2004) The Polo Beach Club has announced its strong support and endorsement of the proposed Malulani Health & Medical Center.

“It is surprising that having a second hospital has become a controversial issue within the Maui community,” said Faye Field, Secretary for the Board of Directors of the Polo Beach Club. “Kihei is one of the fastest developing communities on Maui and in addition, Wailea and Makena have all increased in population. Many working families now live here in addition to many senior citizens as well as a large tourist population.” Ms. Field went on to say, “Since the population of Maui is most likely to increase, we think that the sooner a second hospital is built the better.”

Malulani Health Systems, a community-based nonprofit organization, is planning to build a state of the art, fully digital, 100 bed acute care and full service community hospital and medical center facility in South Maui. This innovative medical facility will provide high quality health care for all of Maui’s residents and visitors by blending the best of all medical traditions – western, complementary, and alternative medicine.
